

Optimising Rosters and Shiftwork Operations

In February, we are giving back to valued members of our network and invite you to join us either in Brisbane or Auckland for a (complimentary) half day seminar on Optimising Rosters and Shiftwork Operations.

These seminars give us the opportunity to share challenges, successes and other experiences from recent projects that can be utilised to improve your own operations. We will also take time to answer your questions.

Shiftwork Solutions has over 75 years cumulative, specialist experience with rosters, hours of work and shiftwork.

Please find the seminar program and links for registering below. If you have any questions, please contact Mary on rosters@shiftworksolutions.com or 07 3216 0161.
